### CORPORATE OVERVIEW

Caso Global Corporation (CGC) is a Federally Certified 8 (A) Business providing technical and professional services across US Federal Agencies and select private companies. Our professionals have spent decades providing quality support services in the areas of Event Pogram Management, Administration Support Services, Logistics support, Technology management and Work from home solutions. We are familiar with the demands our Government customers face and have adopted a proactive approach to solving real time issues clients encounter.

At CGC, we constantly strive to manage our business efficiently and effectively so we can ensure competitiveness. We have a proven transition process and our **specially proud of our fast turnaround New Contract Start Up Skills** . We ensure a smooth transition to allow for immediate performance accountability with on boarding key personnel to ensure customer support continuity and long term satisfaction. We work with best subcontractors and actively support Veteran Owned and HUB Zone businesses
